LOS ANGELES

# CRISIS IN MEXICAN ELECTION

**RUHR  
REBELLION.  
German Industrial  
Strike is Over.**

**Three Thousand  
Out at Columbus.**

**Workmen's Army Surrenders  
Under an Agreement  
with Government.**

**Good Friday Religious Rites  
Take Place of Turmoil in  
Dusseldorf.**

**DUSSELDORF, April 2.**—Control by the workmen ceased theoretically at noon today throughout the Ruhr district under the peace terms ratified last night at Essen. Today being Good Friday, religious ceremonies were observed. The turning over of their duties to the police in the various cities expected to be a gradual process.

The general strike was called today and resumption of work will take place tomorrow. Street cars were operating in some places today.

Workmen's leaders are satisfied that there will be no great difficulty in executing the terms of the agreement, virtually all arms in Dusseldorf already being deposited in barracks and other buildings. Some of the Red guards are being in a happy frame of mind at their quarters to get orders for service pay. This money will come from a joint fund contributed by the workmen, the local police and the government.

**GAVE UP ARMS.**  
DUSSELDORF, April 1.—Soldiers of the workmen's army in the district were ordered to deposit their arms to local authorities. A April 10 under the agreement between the government and the central committee of the workmen's General Conference at Essen.

The commander of the Communist before West gave a pledge of non-resistance to the army. He declared the strike was over. He had really a good army, would not continue fighting. He had no ammunition, and he had no food. He had no money and that all looting had been stopped.

He will shoot with my own pistol, he said, and Communist soldiers obeyed the order to withdraw. Assurance was given that the settlement of disturbances in the Ruhr district would be a permanent one.

**PROGRESS FOR REPARATIONS.**  
PARIS, April 2.—The Separatist movement in the Ruhr district of Germany has aspirations to be established as an independent republic. A settlement of disturbances in the Ruhr district would be a permanent one.

**BERLIN EASTER RIOT  
FAILS TO COME OFF.**

**THREATENED REIGN OF TERROR,  
PROVES A MYTH.**

**BERLIN, April 2.**—The situation in Berlin today was normal. There was not the slightest sign of any rioting, rumors concerning the possibility of the future being a reign of terror as to provoke questions the subject in Parliament.

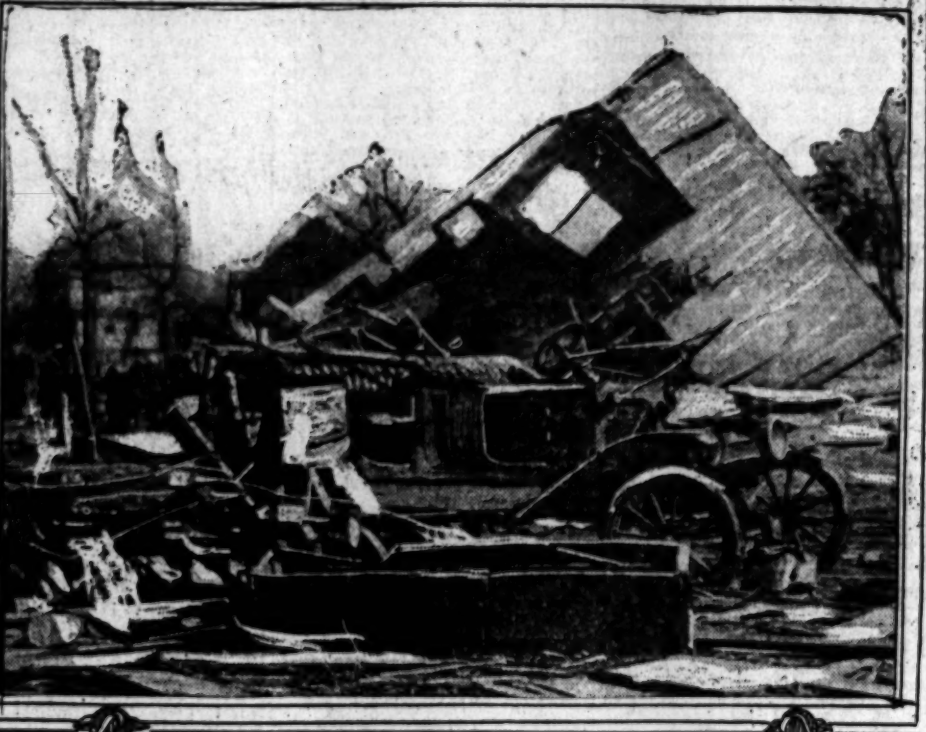

The resignation of James Ian Cameron as Chief Secretary for Ireland did not cause a ripple of interest here. The resignation of Lord Viscount French, the only, as solely responsible for the situation of affairs, and seem not to be interested in Mr. MacPherson's resignation.

Some fears are entertained that there may be trouble in Cork when the troops are sent to the arrest and conviction of Lord Mayor Mac Curtain, who was murdered last week, is announced. The latest still is progressing.

The new field marshal, Sir William Robertson, who, it has been rumored, is likely to succeed Gen. Frederick Shaw as commander of the troops in Ireland, is in a letter from Lord Devon.

The Lord Mayor of Dublin has received a letter from Premier Lloyd George dated March 21, alluding to the possibility of obtaining evidence in the ordinary way calculated to lead to the arrest and conviction of the men in the formidable band of terrorism now menacing Ireland.

**WRECKAGE IN WAKE OF BIG MIDDLE WEST TORNADO**

The motor car was blown down a street in Melrose Park, a Chicago suburb, for a half-block before it was wrecked. Three persons were killed in Melrose Park and the property damage is estimated at \$20,000.00. Many persons living in the house were injured when it was blown over by the winds that moved a path through Wood, Ill.

**STORM RELIEF STRIKE  
RELIEVED BY SOCIETY.**

**VOLUNTEER WORKERS WHO  
WENT ON STRIKE REPLACED  
BY TWICE AS MANY.**

**CHICAGO, April 2.**—Society leaders of Evanston, Winnetka and other suburbs responded in force today to the call for volunteer relief workers in the tornado-swept districts.

The work of salvaging and rebuilding was interrupted yesterday when a "business agent" appeared among the relief workers, who were also volunteers, and urged them to ask for pay or go on strike.

When the "union wage" was not forthcoming from the city of Chicago or the suburban municipalities, the workers walked off the job and the homeless went about reconstruction as best they could single-handed.

Relief efforts have been reduced, and with additional assistance from the Red Cross and other organizations, the process of rebuilding has ceased to be a slow one.

**WOMEN UNDRESS, NOT  
DRESS, SAYS PRIEST.**

**LONDON, March 27.**—[Delayed.] Prevailing fashions in women's gowns were vigorously assailed in a sermon recently by the Rev. Bernard Vaughan, the widely-known Jesuit father, whose essays on sermons on morality and home life have for the past twenty years attracted great attention throughout the world.

"In days gone by ladies dressed for dinner, now they undress for it," he declared. "Women's clothing is ruining their own and their neighbors' souls as well as their own bodies." Designers of fashions seem to be devoid of much of taste as of principle.

**CARRANZA RUSHING TROOPS  
TO WEST COAST; MAY SEIZE  
SONORA TO DEPOSE HUERTA**

**NOGALES (Ariz.) April 2.**—Americans arriving on the night train from Hermosillo, Mazatlan and West Coast points tonight reported large numbers of soldiers mobilizing along the Southern Pacific Railway of Mexico. There was no official explanation of the troop movements.

Mexican Consul Tamez here admitted a critical situation had developed from the Presidential campaign in Sonora, but said he did not believe military measures would be necessary.

**LATER ::  
L :: NEWS**

**TOLEDO IS STRIKEBOUND**  
TOLEDO (O.) April 3.—All street-car service here stopped early this morning when the 1200 conductors and motormen voted to go out as the result of the Council's failure last night to ratify an advance in car fare to meet an increase in wages.

**MONTANA FREEING AGAIN**  
HELENA (Mont.) April 2.—Montana is in the grip of a cold spell which breaks the April record for decades. Helena today saw the thermometer descend to 7 deg. above zero, with no signs of moderation. Butte, on the western side of the Rocky Mountains, experienced 10 deg. above zero as its minimum.

**Train Wrecked; 7 Hurt**  
CHICAGO, April 2.—Seven passengers were injured, one seriously, tonight when electric train No. 11, northbound, of the Chicago and Northern Railroad, was wrecked at Shippen, Butte county, near here. The forward coach came loose from the trucks and rolled into the ditch when the motorman applied the brakes suddenly while running at high speed to avoid striking a cow. The rear coach remained on the tracks.

Miss Margaret Stokes of San Francisco was the most seriously injured.

**Defies Hotel Detectives**  
NEW YORK, April 2.—Armed with a large sawing knife and a barricaded behind furniture in his room at the Waldorf Astoria Hotel, Leslie T. McCleary, son of James T. McCleary, secretary of the American Iron and Steel Institute, tonight held hotel detectives at bay and employed at half an hour.

He was subdued taken to Bellevue Hospital, where he is held for observation. McCleary's parents were barricaded in their room adjoining, to which they had retired, when the son, 45 years old, early in the evening began throwing candelabra, napkins, knives and forks from his room on the third floor.

**Aviator Beats Stork**  
BAKERSFIELD, April 2.—Lieut. S. W. Ruggles, Ninth Air Squadron, won a race against the stork today when he flew from Rockwell Field, San Diego, to Bakersfield on a hurry-up order to be at the bedside of his wife, who, en route from Sacramento to San Diego, was taken from the train early today to a local hospital.

Lieut. Ruggles left Rockwell Field, with Lieut. Krull as pilot, at 10:10 a.m. today and arrived at the hospital at 1 p.m. and at 7 p.m. was receiving congratulations from a happy father of an eight-pound boy.

**Tyrol Envoys Balked**  
VIENNA, April 2.—The Tyrol delegation which recently arrived in Vienna to lay before representatives of the Entente a request for economic fusion with Germany will return home today, their efforts to see the Entente commissioners proving unavailing. They have had a long conference, however, with Chancellor Renner, who said that in his opinion it was futile to agitate for a revision of the treaty now.

The Neue Presse said the renewed impetus of the Sparte movement is due to the growing conviction that the Entente is evincing no intention to effect a definite solution of the Austrian problem.

**Observe Bismarck's Birthday.**  
BERLIN, April 2.—On the occasion yesterday of the one hundred and fifth anniversary of the birth of Bismarck the statue of the "Iron Chancellor" in front of the Reichstag was decorated with wreaths tied with the ribbon of the imperial colors. The Pan-German newspapers print long articles of appreciation of Bismarck in which he is held up as having been the ideal helmsman of Germany's destiny.

**Strikes: Wife Takes Place.**  
LYNCHBURG (Va.) April 2.—C. E. Bowles, assistant ticket agent of the Norfolk and Western here, went on strike yesterday. His wife stepped into his position over his protest.

**OBREGON POPULARITY  
ENRAGES CARRANZA.**

**BY W. D. HORNADAY.**  
[EXCLUSIVE DISPATCH.]  
SAN ANTONIO, April 2.—That there is serious friction between President Carranza and Gen. Obregon is shown by recent developments in the political situation in the country as well as by the published statements of the two men.

Mr. Obregon, wife of Gen. Obregon, is making her temporary home in San Antonio. She frankly asserts that the Carranza government is throwing every possible obstacle in the way of her husband's candidacy for President. It will not be surprising if Carranza issues an order for the expulsion of Obregon from the country for alleged antagonism toward the administration before the campaign is much further advanced, may the Obregonists in San Antonio.

Luis L. Leon, member of the Mexican Congress from the State of Chihuahua, is also a visitor in San Antonio. He agrees with Mrs. Obregon as to the efforts that are being made by Carranza to hinder the movements of Gen. Obregon. He is present campaigning for Carranza.

"My feelings are a mixture of gratitude and fear," said Mrs. Obregon.

**JAIL WOMAN IN SHOOTING.**

A love triangle, wherein a young woman was said to have tried to discourage a love affair between her 19-year-old brother and a married woman nearly ten years his senior, and was shot at by the other woman, was revealed by Deputy Sheriff Bright and Hots when they arrested Mrs. Eulah Rogers at her home, 303 Lea place, near Eagle Rock Park, and lodged her in the County Jail early today on the charge of assault with a deadly weapon.

Difficulties in the path of love arose when Mrs. A. M. Quatrochi, a young matron, of 1111 Lea place, learned that her brother, P. J. Zimmermann, 30 years of age, was in love with Mrs. Rogers, according to the story told Bright and Hots.

Mrs. Rogers is reported to be separated from her husband, who is in the East, the sheriff stated. Because of his sister's objections to his love affair, young Zimmermann, who had been living with the Quatrochis, moved to a downtown apartment-house a few days ago.

Mrs. Quatrochi was not satisfied, apparently, that the relations between her brother and the other woman had been broken off, for last night she visited Mrs. Rogers and asked her to discontinue the love affair with her brother, according to Deputy Sheriff Bright. Words finally led to a quarrel, and Mrs. Rogers became incensed, ran into her house, seized a revolver and fired at Mrs. Quatrochi, it is charged.

Mrs. Quatrochi then fled into the home of George Sherman, a special deputy sheriff, living next door, for refuge. Mr. Sherman summoned Deputy Sheriff Bright and Hots, who took Mrs. Rogers into custody.

Mrs. Quatrochi will appear at the District Attorney's office today and swear to a complaint against Mrs. Rogers, it was stated.

**"OUR PROSPERITY FALSE AND  
DANGEROUS," SAYS VANDERLIP.**

**CHICAGO, April 2.**—America has entered an era of false prosperity, Frank A. Vanderlip, formerly president of the National City Bank of New York, declared today in an address.

Mr. Vanderlip is en route to Japan, where, in connection with a committee of financiers, he will investigate conditions governing trade relations between the United States and the Orient.

"There are three things upon which real prosperity must be based," he said. "These are ample capital, efficient labor and application of sound economic principles. We are prosperous today in the face of all three fundamentals, and our prosperity is false as well as dangerous."

## An Appeal For Justice

**The Truth About the Malibu Ranch and Its Roads. Litigation Which to Date Has Cost the Parties Concerned Over \$200,000 in Attorney Fees and Court Costs. The Real Attitude of the Rindge Company Towards This and All Other Public Improvements.**

### Not "Obstructionists"

For thirteen years the Rindge Company has been subjected to litigation; its private cattle ranch—virtually a "home place"—invaded and despoiled; and its owners held up to scorn as "obstructionists."

The company always has been on the defensive, protecting only its fair rights. It has never sought public favor, believing that in the end right was sure to prevail. It has been willing to leave justice to the courts. Moreover, a discussion of Malibu Ranch, necessarily touches the memories of the late Frederick H. Rindge, sacred to his widow and family.

However, at the present time, because the Los Angeles County Supervisors threaten to build a road under circumstances which all must condemn, the Rindge Company believes that private considerations must be laid aside. The truth about Malibu Ranch and its owners must be told.

### Those Numerous Citizens

who are familiar with Mr. Rindge's policies and who know that his widow was a joint-owner in Malibu Ranch and jointly contributed many great public gifts, will resent the attempt to paint the Rindge family as selfish obstructionists. Reluctantly, and only because silence has been wrongly interpreted, the following facts are published:

### A Few of the Rindge Gifts

The making of which was deemed a privilege:  
In Cambridge, Mass., the Epworth Church, near Harvard University, the Cambridge Public Library and City Hall Building, and the whole block of land on which located; the land for Cambridge English High School; land and building for Rindge Manual Training School, which, before being given to the high school system, was maintained for ten years at the Rindge expense. This particular gift laid the foundation for training schools throughout the United States as part of the public school system.

Upon moving to Southern California, the family shifted its resources in order to utilize them in constructive activities in the newly adopted State.  
The willingness to assist in public welfare is illustrated by Santa Monica's struggle to rid herself of saloons. When defeat threatened an election, because of officials said that without the funds derived from saloon licenses the government could not exist, the Rindge resources provided a check covering the total amount of saloon licenses, thereby saving the day.

A Methodist Church, one of the handsome edifices of that day in Santa Monica, was also a Rindge gift.

### The Malibu Ranch

This was purchased by Mr. and Mrs. Rindge in 1892. Its chief value is its privacy. If cut up by public roads it would be practically ruined for ranch purposes and as a home place.

The property, originally an old Spanish grant, consists mostly of mountainous land, approximately 20 miles in length, up and down the coast, and one-half to two and a half miles wide. Its fertile soil comprises a narrow ribbon along the coast, in places barely accommodating a roadway, in others widening out into small, narrow mesas.

When purchased it was entirely isolated. There was no road to it because of the ocean on the south and the mountains on the north. Nor was there any road within it.

To avoid any possibility of future litigation, the holdings of these few settlers in the mountains in back of the ranch were purchased, all except two. Large prizes were paid, but in the case of these two, the sums asked were so exorbitant that Mr. Rindge, like any citizen, refused to pay.

### Helping the Settlers

Instead of obstructing public progress, the Rindge resources built a road along the coast connecting the ranch with Santa Monica, a convenience for all the intervening property owners. It was approximately ten miles long and cost Mr. Rindge \$17,000. A farm road inside the ranch was also built.

Settlers were given permissive right to pass over this ranch road, and when gates became a necessary equipment of the cattle ranch, they were provided with keys.

### Why the Controversy Arose

Certain settlers, complainant of the private character of the road and the Malibu Ranch located in the mountains and sought to compel the Rindge Company to change the nature of its property from a private fenced cattle ranch into an open public domain, and to fence the road from a purely private convenience into a public highway. The facts, based on sworn evidence as given in the various court suits, have been compiled in a pamphlet which will be gladly sent to any citizen.

### The Outstanding Facts:

That when purchased, the ranch had no road to it or within it.

That settlers, while having no right to trespass, were allowed permissive privileges to use the roads.

That the chief value lies in the narrow mesas between ocean and mountains.

That if these are cut across or separated from each other and the ocean frontage by roadways, the value of the ranch, both commercially and residentially, is ruined.

That the enormous litigation has not been made for the benefit of taxpayers generally, nor for even a considerable number, but solely in the interest of a mere handful of settlers who took up their land cognizant of the private character of Ranch and who seek to have a costly highway constructed at the general expense of the county in order to increase the value of their holdings. To this small group is added the influence of certain merchants in Santa Monica, who hope through such a road to divert the trade of these few settlers from Oceanside, Van Nuys, Hollywood and other points, to themselves.

**The Rindge Company and the people of Los Angeles County are joint-victims in this ill-considered litigation.**

**Your Attention Invited To Tomorrow's Newspapers**

which will disclose the avowed purpose of the County Supervisors, the most extreme injustice yet attempted.

**The Rindge Company Trust and Savings Building**

## SHOWS HOOVER CLUB'S GROWTH.

Larger Quarters Have to be Secured by Workers.

Impetus Given Campaign for Nomination by G.O.P.

### Placarding of Southland to be Under Way Soon.

New and larger quarters have been secured by the Hoover Republican Club of California, a lease having been taken yesterday by William May Garland and other directors of the club on the building at 712-714 South Spring street. On Monday the club will take possession of its new quarters, which will constitute the Southern California headquarters of the organization. The new quarters, which contain 600 square feet of floor space, and with a greatly increased staff of volunteer workers, the activities of the club, which is working for the election of Hoover, will be greatly increased. The primary of May 4 will be redoubled. The lease on the new quarters of the club was obtained through the W. Ross Campbell Company.

The present quarters of the Hoover Republican Club at 215 Exchange Building will be taken over and occupied by the "Make Hoover President Club," which is conducting a nonpartisan campaign for the election of Hoover. During the weeks between now and the primary, the campaign for Hoover in Southern California will be carried on by these two organizations.

A meeting of the directors, attended by Ralph P. Merritt, manager of the Hoover campaign in California, was held yesterday morning at this meeting it was decided to change the name of the Republican Club to the Hoover Republican Club of California, so as to identify the club with the San Francisco organization. The Los Angeles club will conduct the campaign for Hoover in the territory south of the Tehachas, whereas the San Francisco Hoover Republican Club will carry on the work north of the Tehachas. Hoover posters, carrying a large photograph of Mr. Hoover, and Hoover buttons have been obtained by the local Hoover Republican Club, and during the coming week may be obtained at the headquarters of the club at 714 South Spring street. Because of the limited funds at the disposal of the organization, extensive posting of posters in California cannot be undertaken by the club, but the posters and buttons will be distributed upon request to Hoover supporters, who are urged to call at headquarters and obtain a supply of them.

It was stated yesterday by J. L. Matthews, public relations manager, that Hoover clubs in every city and town in Southern California will be supplied with as many of these posters and buttons as they desire. The week it is requested that managers of outlying organizations get in touch with local headquarters for the purpose of obtaining a supply of the posters and buttons.

### INDICT MILLIONAIRE RADICAL W. B. LLOYD.

(BY A. P. NIGHT WIRE.)  
CHICAGO, April 1.—William Brown Lloyd, millionaire sergeant-at-arms of the Communist Labor party, and thirty-seven other defendants must stand trial on indictments charging them with conspiracy to overthrow the government by force. Judge Hebel in criminal court today dismissed a motion to quash the indictments which were returned by the grand jury under the State law against criminal syndicalism.

### PARIS FASHIONS IN FALSE TEETH

Paris, Mar. 8.—We may safely predict for the coming season that styles in artificial teeth will include their being worn snug-fitting and smoothly cushioned in place by means of the dental plate comfort-powder Coreon, procurable at drug stores and dental dealers.

This antiseptic adhesive powder gives a pleasing sense of security to wearers of false teeth. It allows complete mastication of foods with ease, relaxes facial muscles and prevents sore gums.—(Advertisement.)

## TEN THOUSAND RAIL MEN OUT.

(Continued from First Page.)

holiday, has enabled the railroads to use fewer men in the transportation of food and milk.

The murder last Wednesday of Dennis J. Meehan, a Brooklyn gangster, was connected by the police today with the longshoremen's strike. Frank Madden, business agent of a longshoremen's local, was held without bail on charges of killing Meehan in his sleep in his home in Brooklyn. Meehan was furnishing strike-breakers, the police have been informed. Madden pleaded not guilty.

Marine workers held a meeting tonight, to which only men with union cards were admitted. At its close Thomas B. Healy, head of the marine engineers, who presided, said: "The men were informed of what had been done, and there was no sign of weakening anywhere." William A. Maher, business agent of the Mate's and Pilot's organization, said there were about 6000 men on strike and "it will be unnecessary to call out any other workers."

Mr. Healy said the men had been informed that some of the managers had offered nonunion laborers \$10 a month more than union men had received, and were willing to guarantee them work for a year at eight hours a day.

DOCK PARLEY FALES.  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 2.—A conference of coastwise shipping interests and longshoremen, which convened at the Department of Labor to attempt a settlement of the strikers at Atlantic and Gulf ports, dissolved late today without having reached an agreement. Assistant Secretary Post of the Labor Department said he saw no hope of bringing the two sides together and would not declare the conference dissolved.

Mr. Post said employees were unwilling to recede from their demand for an immediate increase in wages and employers refused to grant the increase at present, "because they are already losing money and cannot add to their deficit."

Representatives of a dozen coastwise shipping companies and of organizations representing the 30,000 men who are out on strike attended the conference. Neither side had any announcement to make at its conclusion, but the intention of the conference to stand firm.

The tie-up at import ports has excited the interest of government officials. It was estimated at the Labor Department, principally because of the effect upon food supplies in New York and New England.

COAL MINERS STRIKE.  
(BY A. P. NIGHT WIRE.)  
EAST LIVERPOOL (O.) April 2.—Claiming dissatisfaction with the wage increase authorized by President Wilson's coal commission, 400 Columbian county coal miners refused to go to work today. Their crippled operations at three mines.

NEW PHILADELPHIA (O.) April 2.—Two hundred Tuscarawas county coal miners, who walked out today, Eight mines were idle. The men were dissatisfied with the manner in which the 27 per cent wage increase was applied. They claimed that under the President Wilson's coal commission, 400 Columbian county coal miners refused to go to work today. Their crippled operations at three mines.

CHICAGO RAILMEN STALL.  
(BY A. P. NIGHT WIRE.)  
CHICAGO, April 2.—The resignation of 1100 Chicago firemen, effective April 7, will not be presented until a committee representing the firemen's organization conferred with Mayor Thompson today. The firemen are asking a wage increase of \$100 a year.

The committee, however, said it did not have the power to arbitrate with the Mayor's committee. The committee would present its demands, it was announced, and take the answer back to a meeting of the firemen, who would then take definite action.

(BY A. P. NIGHT WIRE.)  
WINNIPEG, April 2.—Probability of a general strike in Canada as a protest against the recent conviction of seven leaders in the Winnipeg strike last summer, was expressed by union-leader leaders here today. Addressing a meeting in the Board of Trade Building, a Dominion-wide agitation for the release of the convicted men already had begun, the speakers declared.

Resolutions condemning the attitude of the government in the case of strike leaders and pledging support to any legitimate means to secure their release were adopted unanimously.

W. A. Hoop, a speaker, said labor would hold solidly in the next provincial election and that it would make an effort to elect a majority of the members of the Legislature, who would be expected to secure the release of the convicted men.

TEN WAGE PRINCIPLES.  
(BY A. P. NIGHT WIRE.)  
CLEVELAND, April 2.—In an effort to devise a method of wage payment which will satisfy workers, owners, managers and consumers, a firm of New York industrial engineers, employed jointly by unions, employees and associated employees in the women's garment industry, today announced a set of ten principles of wage payment.

"The wage is not paid by the employer; he merely markets the product," said one of the engineers, "and the worker for the part he has done," the wage and labor experts assert.

The principles of wage payment comprise part of the industrial engineers' first report to the Cleveland Garment Manufacturers' Association, the International Ladies' Garment Workers' Union and the union's Cleveland local, affecting about 6000 workers in the plants of the association's membership.

Upon the methods suggested in the experts' report and the decision of the two parties to the plan are to be based the work of the industrial engineers in devising standards and methods of payment in the industry.

The report suggests two methods of wage payment which will be discussed at a conference here by employers, union officials and three referees representing the public, April 12.

Jap Prisoners to Wed Korean.  
(BY A. P. NIGHT WIRE.)  
SAN FRANCISCO, April 1.—The wedding of Princess Namiko, a relative of the Emperor of Japan, and Prince Leo, former heir apparent to the throne of Korea, is to be solemnized April 29, according to a cable message received by the New World Japanese language newspaper here today.

## POLAND REJECTS SOVIET'S PEACE.

Negotiations in Esthonia are at a Deadlock.

Jugo-Slav-Hungarian Trade Agreement is Reached.

### American Red Cross Workers Freed in Siberia.

(BY CABLE AND ASSOCIATED PRESS.)  
WASHINGTON, April 2.—Poland has rejected proposals of the Soviet Russian government to conduct peace negotiations in Esthonia and to declare an armistice while the negotiations are in progress, according to official advice today to the Polish Legation.

The Polish government, the advice stated, has taken the position that negotiations cannot be conducted in Esthonia without outside pressure. Objection also has been made by Poland to negotiations on the ground that Esthonia negotiated a treaty with the Russian soviet and violated the terms of its treaty with Warsaw.

WARSAW, April 2.—The Polish government has rejected a counter-proposal by the Russian soviet government for an armistice along the entire battle front during the proposed peace negotiations between Poland and soviet Russia. In the note rejecting the armistice proposal the Poles also opposed the holding of the peace conference in Esthonia, as had been proposed by the Bolsheviks in answer to the acceptance of peace parleys by the Poles, who suggested Esthonia as the seat for the negotiations.

It develops that the Bolsheviks are questioning an armistice with the Poles pending the proposed peace conference was sent in sections and that all of the note has not yet been received in the text, so far as it has come to hand, there are several omissions, probably due to faulty wireless transmission.

The Moscow government has been notified of the incomplete state in which the communication has arrived.

INDUSTRIAL AGREEMENT.  
(BY CABLE AND ASSOCIATED PRESS.)  
PARIS, April 1.—An agreement between Belgrade says, has just been signed by the Jugo-Slav and Hungarian governments, under which Hungary undertakes to deliver a large number of railway cars and locomotives. In return Jugo-Slavia will supply Hungary with 26,666 bags, seventy carloads of bacon and 100 carloads of maize and wheat.

TWEEDIE STILL HELD.  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 2.—Release of all American Red Cross workers held prisoner in Siberia by the Bolsheviks, with the exception of Alexander C. Tweedie of New York, was reported today to national headquarters. The last report from Tweedie said he was ill with typhus at Krasnoyarsk.

The following were freed March 23: O. W. York, New York; Joseph A. DeWitt, Kansas; Cole; Harry J. Donnelly, Philadelphia; Dr. William H. Ford, Kingston, Okla.; and H. F. Bonno, Manila.

All of the other captives reported that they suffered no harm while in the hands of the Bolsheviks. The cablegram also reported the safety of all nurses and doctors connected with the British Red Cross, who recently arrived at Vladivostok from Tomsk.

DISORDERS INCREASE.  
(BY CABLE AND ASSOCIATED PRESS.)  
BERNE, April 2.—Radical elements at Batoum have been showing greater energy since the fall of Novorossk and disorders are increasing daily, according to reports received by the Georgian press bureau here. Risa Bey, who pilfered Batoum in 1918, is leading armed bands recruited in Anatolia and is receiving munitions from Odessa regularly. It is said.

The Georgian government has taken steps to defend its northern front, and has asked permission from the Entente powers to place Georgian troops in Batoum as a strategic measure and to restore order.

VIENNA, April 1.—Bela Kun, former Hungarian dictator, and his companions, who have been in jail here, have ended their hunger strike, which began when the Austrian government refused to consider their demand for freedom according to the newspaper Abend.

STOCKHOLM, April 2.—Russia is ready to pay in gold and cereals for all kinds of industrial products principally farming equipment, box cars and locomotives, which are needed urgently, according to a statement issued here by representative co-operative societies.

ROME, April 2.—A Socialist delegation of twelve members will leave for Russia in April, it was announced today.

MAKES LOVE JANGLING TIN CANS; IN CUSTODY.  
(EXCLUSIVE DISPATCH.)  
CHICAGO, April 2.—Love, or whatever one is pleased to call that rash that breaks out in the spring, causes its victims to do queer things. Take, for example, the case of George Pfeiffer, temporarily languishing in the hospital, the latest of Miss Louise Rulenberg, who says he annoyed her.

Pfeiffer could not see anybody or anything but Miss Rulenberg. His entire world around her "charming person," but she could not see him. He broke their engagement. In addition to lying in wait for her every evening and threatening to kill her, he has been so far as concerned, perhaps with the idea of exercising her of the evil spirits that had caused her to break their engagement. The police believe he had in mind to accuse her to the chivalry which would cause her to be hanged, but at any rate they gathered him in, for a few nights at least, and Miss Rulenberg will not have her rest disturbed.

Texas Named as Envoy.  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, April 1.—Hanson Gary of Texas, now Consul-General at Cairo, Egypt, was nominated by President Wilson to be Minister to Switzerland. He will succeed Pleasant A. Stovall of Savannah, Ga., who resigned recently.

Today or This Evening  
Spend an Hour Listening to the **KNABE AMPICO** Reproducing Piano  
—an hour will be all too short a time to spend under the spell of this magic instrument.  
—time will pass with the fleetness of a dream as the art of the world's greatest pianists hold you en rapport.  
—but a single instant will prove sufficient to reveal the utter distinction of the Knabe Ampico Reproducing Piano, to prove that it actually DOES accomplish the supposed impossible in reproducing not alone the notes played by an artist, but the emotional and intellectual qualities that are as subtle as thought itself.

We assure you of a most cordial welcome.

**Rheumatism's Pains Cannot Be Rubbed Away**  
The Disease is Deep-seated and is Caused by Germs in the Blood.  
Rheumatism is a sturdy foe, and it never uses gentle methods with its victims. If the disease was confined to the surface there might be some logic in expecting relief from its clutches by rubbing with liniments and lotions. But a disease that can cause so much pain and suffering is deep-seated and has its source far below the surface of the skin.  
The only sensible treatment from which you can expect results is a remedy that goes deep down into the blood supply, and kills the germs that cause the disease.

## LOSES FORTUNE BY LONG WAIT.

Suit Reveals Film Actress Who is Too Modest.

Kept Self in Background; Now Others Have Land.

Puente Townsite Titles are Cleared by Decision.

Mrs. Josephine Akley, petite picture actress and daughter of Joseph Workman, who succeeded in the immense estate of his father, William Workman, lost a fortune by a decision of Judge Workman, yesterday. Mrs. Akley was the plaintiff in a suit against Charles N. Bassett to recover an interest in the Puente rancho, out of a portion of which was carved the city of Puente.

It was asserted that through a deed which the grandfather, William Workman, made to her father, Joseph Workman, the latter's son, and daughters were entitled to take the property after their father's death. This claim was based upon the assertion that the deed from the grandfather to the father conveyed only a life interest. Joseph Workman died in 1901.

Judge Workman held that the deed conveyed only a life interest to Joseph Workman and that his children would have had an interest in it after his death, but for the fact that Mr. Bassett's father bought from Joseph Workman, in 1891, the rancho in the belief that he was buying an absolute title, and for the fact that he got judgment in that year against the children, quieting his title against all of the children except Mrs. Akley, who was then a minor, and was not properly served with the summons.

Mrs. Akley became of age in 1901 and, it seems, never made any claim to the property for a period of 17 years thereafter, during which time Mr. Bassett, his father having died in 1898, occupied and improved the property, expending large sums of money on it, paid the taxes, platted it and sold the majority of it in small lots to settlers who have ever since held their portions.

Under these circumstances the court decided that Mr. Bassett acquired whatever right Mrs. Akley had by adverse possession and she was barred from making an claim because of her long delay in asserting her right.

One peculiar fact about the case was that Mrs. Akley kept herself so far in the background that Mr. Bassett never even knew of her existence, he declared.

The age of Mrs. Akley at the time of serving the summons in the suit of 1918 was in question during the trial of the present suit. She was born January 13, 1881, this date being proved by producing the old parish register, written in Spanish from the old Plaza Church. She asserted that she was 12 years old at the time the summons were served. Mr. Bassett contended she was 14. The court held that she was 12, as she declared.

## WOMEN'S WORK. WOMEN'S CLUBS.

BY MYRA NYE, Friday Morning Club.

Between William Butler Yeats' "The Song of the Fisherman" and the "The Song of the Fisherman" in the morning, to Miss Helen Taft's "The Crisis in Education Today," at noon, Friday Morning Club members yesterday ran the gamut of emotions.

Mr. Yeats illustrated his lecture by readings from his own verse, beginning with "The Song of the Fisherman," which is probably the best known of his shorter verse, as it was brought to the notice of the public by Robert Louis Stevenson. It was written when Mr. Yeats, a young man doing literary research in London, was homesick for his native Sligo. The last poem read was "The Song of the Fisherman."

"Whenever life is leisurely and contemplative," said Mr. Yeats, "it is among the peasants of Ireland in my boyhood, then the world of imagination is very active. Spirits are abroad and apparitions are seen. Yet a peasant never invents anything. He only remembers and from him I heard the stories as they happened hundreds of years ago. You learn to observe in nature. So these were the influences of mine. Music is not born; for music is continually there."

The after-lunch speakers were Miss Taft and Dr. William Allan Nielson, president of Smith College, the latter of whom supplemented Miss Taft's appeal regarding "The Crisis in Education."

"We have always prided ourselves," said Miss Taft, "on our national education, but when we brought to prominence the fact that we are one-fourth illiterate, we began to realize that our education system was not all it should be. But it is not of that time I speak when I refer to the present crisis. It is now when we are up to the eyes in putting national education in a class by itself as something upon which we can easily economize; when, with great expenditures through every other avenue, we insist upon less and less for the training of our young people. One hundred and forty thousand teachers left the profession last year, and schools of all kinds closed every month because we were not willing to spend sufficient sums upon this most important enterprise of all. So my plea is not for a local cause, nor a provincial one. It is national and concerns us all. So in spite of the many appeals made to you every day I do not hesitate to tell you of the needs today of education."

Mrs. O. Shepard Barnum, president of the club, a graduate of Radcliffe, introduced Miss Taft, who is acting president of Bryn Mawr, as the daughter of a distinguished father, ex-President Taft, "with whose efforts to bring about a lasting peace and his stand as regards the League of Nations we have been so in sympathy."

Other guests of honor at luncheon were Mr. and Mrs. Frederick McMonie, the former of whom is the noted American sculptor.

Mrs. A. S. Lobenzler was the eloquent speaker for the building fund.

**STEELINK ASKS NEW TRIAL.** Through his attorney, R. G. Pandit, a motion for a new trial was filed yesterday by Nicholas Steelink, an I.W.O., recently convicted of criminal syndicalism. Hearing of argument on the motion was set for April 14.

## Hale's Special Feature Sale

Open All Day Saturday—The Last Day to Buy Easter Togs

## Easter Bonnets

The Easter hats shown at Hale's are unsurpassed in loveliness. They are only to be compared to Nature's own flowers and they rival them in beauty of design and charm of color. Out of wonderful fabrics of georgette crepe, silk, satin, taffeta, Batavia; out of delicately woven straws and horsehair braids; and with trimmings of foliage, raffia, yarn, artificial flowers, feathers and ribbons, artist hands have given us the ultimate in feminine adornment.

Feature!

## Trimmed Hats at \$8.50

As an Easter special we are offering hats, the prettiest and smartest you've seen at this price. Some are made of Georgette crepe in the delicate colors in vogue at this season, trimmed with flowers. Others are made of straw braids. They will be among the most attractive hats to be seen on Easter Sunday. \$8.50 is a very special price.

(Hale's—Second Floor)

## SPECIAL! EXTRA SPECIAL!!

## 500 Sport Coats—Polo Coats—Jersey Coats

At the Lowest Prices on the Pacific Coast for their Qualities

\$15.00—\$16.75—\$17.95—\$19.50

(Hale's—4th Floor)

## SANITY PARADOX IN DEATH CASE

Mrs. Dean Insane, but Still  
Competent, Say Experts.

Trial of Widow Accused of  
Killing Mate Goes On.

Arguments will Start Today  
Without More Testimony.

(EXCLUSIVE DISPATCH)  
SAN LUIS OBISPO, April 2.—  
That Mrs. Myrtle Dean, who is being  
tried here for the murder of her  
husband, Fred A. Dean, at their  
Paso Robles home last November  
17, is insane, but still is competent  
to continue the trial is the paradoxical  
decision reached, today, by  
Dr. J. D. Ball, psychologist of the  
University of California, and Dr.  
C. J. McGovern, who were appointed  
a commission to inquire into the  
sanity of Mrs. Dean.

When court convened this morning,  
Dr. McGovern was called to the  
stand and testified that Mrs. Dean  
is now insane. But questions  
put by Judge T. A. Norton,  
who is presiding, brought the  
answer that in the doctor's opinion  
Mrs. Dean fully appreciates the  
gravity of her position and is com-  
petent to consult with her attorneys  
and present an adequate defense.

Evidently this answer was a surprise  
to the defense attorneys, who  
called Dr. Ball. His testimony was  
in substantiation of that of Dr. McGovern.

The motion of the defense that  
Mrs. Dean be examined as to her  
sanity and that the trial be suspended  
was denied by Judge Norton,  
who ordered that the trial continue.

**DEPRESSIVE MANIA.**  
During his testimony Dr. Ball  
stated that he believed Mrs. Dean  
suffering from insanity of the  
manic-depressive type.

"I differ from the findings of an  
alienist, in that a person may have  
a disease and yet from a legal stand-  
point be not considered insane," he  
said. "What I mean is that she  
may be able to comprehend what is  
going on about her and yet from the  
findings of the examination made,  
would be considered insane. In  
this case, she is suffering at the  
present time from a mental disease  
of the manic-depressive type."

The rest of the day was mostly  
occupied with conflicting testimony  
given by friends of Mrs. Dean and  
by the nurses who attended her  
while she was in a hospital after she  
had attempted to commit suicide.  
Mrs. Carrie Craton of Los Angeles,  
who attended Mrs. Dean at that  
time, said she did not consider her  
rational. Mrs. Virginia Fredericks,  
another nurse, stated that during  
the two weeks when she observed  
Mrs. Dean at the hospital, she  
thought her perfectly rational.

**CALLS HER SANITY.**  
In answer to a long and rhetorical  
question setting forth the circum-  
stances of the Dean case, Dr. Wil-  
liam replied that he believes her  
sanity. As to his testimony Mrs.  
Dean is said to have entertained  
during fifteen years in regard to her  
husband's condition, the physician ob-  
served: "Ten per cent. of all women  
have hallucinations as to their  
physical condition and imagine they  
have troubles which do not exist."  
Such fancies, he added, are no evi-  
dence of insanity.

The motion of the District At-  
torney that the jury be taken to the  
scene of the crime and permitted to  
view the premises was denied by  
Judge Norton, who held that the  
plans and maps introduced by the  
prosecution are sufficient to permit  
the jury to make proper applica-  
tion of the evidence.

Arguments for the state will open  
at 9:30 a.m. tomorrow.

## IOWA COAL ADVANCES SEVENTY-FIVE CENTS.

(BY A. R. HAY WIRE)  
DES MOINES, April 2.—An ad-  
vance of 75 cents a ton in the retail  
price of Iowa coal in Des Moines  
was announced today by some dealers.  
None would predict what the  
future price may be. Iowa coal is  
selling at \$7.50 a ton under the new  
price.

**ST. LOUIS, April 2.**—Price in-  
creases ranging from 5 to 25 cents a  
ton were announced by local retail  
coal dealers today. Other advances  
will be made when the operators  
raise their prices as a result of the 15  
per cent. wage increase granted the  
miners, it was said. Operators have  
announced their prices would be in-  
creased from \$1 to \$1.55 a ton.

## Land-Banking?

**Little Farms  
in the Foothills  
Only \$197  
Pay \$10 and Start In**

Another one of the big land owners in  
the state of California has seen the light.  
He agrees to let us subdivide his acreage  
into the state of 34 monthly payments.  
This gives the buyer, with his fam-  
ily, really creates the new values—a  
chance to share big in a few years.

Original Hollywood lot buyers made so  
in a few years.

Over 1000 Los Angeles think the same  
of Hollywood, for they have recently ac-  
quired from this great offering.

A shoe manufacturer cannot wear all  
the shoes he makes and we cannot make  
all these lot profits to ourselves, because  
we have to have you as population to do  
it with.

Here the bottom price and the land-  
banking terms—to gain YOU.

Four dollars a month.  
That's it.  
It's system. The lots grow in value  
while you enter them as an owner and  
home retreat, and while you sleep.  
Only 17 miles out—on paved roads.  
Mountain electricity and fog protected  
and 1000 feet above the level of the sea.  
All necessary public utilities.

John Brown McGovern, author of "Mis-  
sion Play," says:  
"Yes, tell 'em you sold me this dream  
place of mine, and that they will not let  
your offer too good to be true, but happily  
accepting."

Business on ground Sundays.  
Trip daily, 11 a.m. Fee \$1. Returnable.

"ONE O'CLOCK SATURDAYS"

# Bullock's

Los Angeles

"ONE O'CLOCK SATURDAYS"

# 1600 New Spring Hats \$7.50

## Distribution Extraordinary

To open Bullock's Annual Spring Millinery event with a whirl of enthusiasm.

## Tuesday--April 6--Not Monday

—And important as such a large number as 1600 hats or so small a price as \$7.50 may seem, and really are in interpreting the vigorous spirit of this occasion—Bullock's would impress upon you rather the goodness and charming personality of these 1600 Hats at \$7.50.

Bullock's purpose was not merely to assemble 1600 \$7.50 Hats—but to gather together 1600 Hats of quality usually found associated with pricings much higher than \$7.50.

—And here they are—happy as can be—representative of almost all of the latest Spring Millinery fancies. Tailored hats trimmed with lacquered wings—smart ribbon trims—large dress hats of transparent maline and hair trimmed with ostrich, vulture or flowers—large liere hats faced with colored georgette or silk and trimmed with flowers, wheat and fruit—small hats of hemp braid in pastel shades—legions and tuscans—mitzi sailors—and many sports creations including floppy rough straws, ribbon, silk or braid—turbans—roll-off-the-face hats and small sailors.

—1600 beauty Hats—not brought together at a moment's whim—but chosen carefully and knowingly—with a vision of this event in mind—an event of magnitude and value interest exceptional—to bring Bullock's more closely to you in the spirit of friendship—

**Remember the Day—Tuesday—April 6**

—And remember the Hats—1600 of them at \$7.50. Bullock's Third Floor should be your most important rendezvous—Tuesday—if you think of a new Spring Hat—at Bullock's—Third Floor.

Small hat of hemp in henna shade with facing of henna feathers.

Large transparent hat of braid with trimming on brim of burnt vulture and jet buttons.

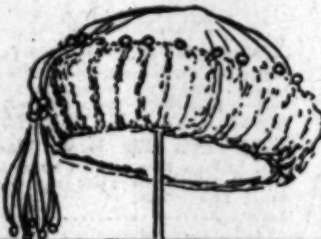

Small hat of navy blue tassel with flower covered crown.

Large soft floppy brim hat of transparent braid in natural shade trimmed with field flowers and grass.

Women who shared in Bullock's Hat event last Spring have been awaiting this event with interest

Semi-sports hat of pink faille silk with yarn trim.

CHURCH PLANS BUSY WEEK.

FIRST BAPTIST.

Tomorrow will be a busy day for

Dr. James A. Francis and next week

will be a specially busy one for the

members of the First Baptist

Church. Tomorrow morning Dr.

Francis will address the throng in

the sanctuary at the sunrise service at

Eagle Rock, and at 11 a.m. will

preach at the First Baptist Church

on the subject, "Walking in the

New Light." He will preach at the

church again in the evening.

Next Monday Baptists from all over

the Southland will hold a grand

rally at the First Baptist Church

to prepare for the New World Movement

campaign. Among the speakers

will be Dr. Francis, Dr. J. Whitcomb

Brougher and Dr. F. A. Asar of New York. Next Friday

the Women's Society will hold an

all-day meeting, beginning at 10

a.m. Three of the five parlor

conferences which have been arranged

in connection with the New World

Movement programme in this church

will be held next week. The

Life Enrichment Committee is planning

a "Life Investment" banquet for

the young people of the congregation

for next Sunday, at the

Wood Huntington, P.D. Dr. Francis

will be the guest of honor, and

Dr. Bromley Oxnard, Dr. Francis

and Mrs. Antonette Lammereaux.

PROGRAMME FOR VETERANS.

SOLDIERS' HOME.

The Easter services to be held in

the Protestant and Catholic chapels

of the Soldiers' Home at Santa Anita

tomorrow promise to be the most

attractive of all Easter services ever

held for the veterans of the Civil

War. In the Protestant chapel the

service will begin at 10 a.m., with

a sermon by Rev. M. S. Kaufman.

The chapel quartette, augmented by

vocals prominent in Santa Anita

in other Southland cities, will render

an elaborate programme. In the

Catholic chapel, Holy Communion

will be observed at 6:15 a.m. and at

9 a.m. the order of exercises will

follow with High Mass, Rev. P. F.

Haw being the celebrant. Special

music will be given by the choir, under

## SEEK TO OUST

C. C. SELECMAN.

Hollywood Church Wants Him

to Vacate Parsonage.

Letter Tells of "Persecution"

at Minister's Hands.

Flat Denial by Holder of Dual

Pastorate.

The 1200 members of Trinity M. E.

Church, South, will receive in the

mail today a four-page pamphlet

issued by the First Methodist Epis-

copical Church, South, of Hollywood

in which is published correspondence

showing that in resolutions

adopted by the Hollywood church

on February 22 last, Rev. C. C. Se-

leman, pastor of Trinity Church,

was accused of persecuting the Hol-

lywood church. In these resolu-

tions Dr. Seleman was asked to

vacate the house at 1611 Vine street,

Hollywood, which is the parsonage

of the Hollywood church.

The publication of the pamphlet

brings to light trouble between the

members of the Hollywood church

and Dr. Seleman resulting from the

action of the Los Angeles annual

conference of October, 1914, appointing

Dr. Seleman pastor of the Hol-

lywood church as well as of Trinity

Church. This action the members

of the Hollywood church state was

taken without notice to them.

In a letter to Dr. Seleman under

date of February 15, the members

of the Hollywood church quote the

resolutions they adopted, February

22, in which they say "we do not

desire the Rev. C. C. Seleman to

hold any religious services in said

church, and we protest against his

doing so, believing that his attempts

to conduct such services only serve

to promote discord and not harmony

and do not tend to build up the

kingdom of Christ."

SINCERITY ATTACKED.

The resolutions recite that for

three years prior to January 1,

1920, Dr. Seleman "has not ren-

dered any pastoral service of any

value whatever" to the Hollywood

church, though he has occupied its

parsonage without rent since No-

vember, 1916; that in January of

this year he was asked to vacate,

bitterness towards Mr. Newby. He

may think he is doing right to fight

me as he has done for the past five

years, during all of which time I

have been trying to save the church

from financial disaster.

"About the only thing a pastor

this is the love and confidence of

the flock. It is hard to understand

why one should try to spread dis-

sentiment in a church in which he is

not a member. But I will not allow

myself to be bitter. Some day I hope

to do Mr. Newby some little act of

kindness to show him how my spirit

is.

"I have at all times been in har-

mony with my bishop, my presiding

elder and my official board."

## RECALL OLD CHARGE

IN BURGLARY HEARING.

Ralph W. Arnold, who pleaded

guilty yesterday to burglarizing the

residence of Miss Florence McIn-

toch, 284 Santa Barbara avenue, was

the person who snatched a purse

from Mrs. Charles E. Sebastian, at

the time when Mr. Sebastian was

Mayor, according to testimony yes-

terday.

Arnold pleaded guilty in Judge

Willis's court. Testimony added by

Deputy District Attorney Powell

indicated that the defendant was an

old offender, and was once known

as a pickpocket. He will appear

for sentence on April 9.

## JURY DISAGREES IN

WHISKY THEFT CASE.

A jury in Judge Craig's court

failed to agree yesterday in the case

of William Sartello, accused of

stealing nine cases of whisky from

the residence of Mrs. D. D. Zim-

merman of 375 San Rafael avenue,

South Pasadena. The jury stood

eight to four for acquittal. It was

said.

During the trial, Albert E. Mc-

Elroy, a former police officer, told

of making arrangements for the

theft of the liquor. He, his revolver

and blackjack were found in a tree

near the house. Sartello, on the

stand, said he had been hired to

drive his car for four men, one of

the four being McElroy.

The case was continued until

April 3 for retrial.

Spiritism, sorcery, charlatan, div-

ination, witchcraft, necromancy and

other psychic phenomena spread in

the teachings of the Evening School

of the Bible Institute, corner Sixth

and Hope sts., Los Angeles. Spring

term opens April 1. Enroll now.

By Every Present Indication, Homes That Sell

Today for \$4000 to \$10,000, Will Cost You

\$500 to \$1000 More

This Coming Fall—

A material advance in the cost of lumber is expected any day—any hour. Authorities on the subject are unanimous in the prediction that the cost of building materials will continue to increase indefinitely. To put off the purchase of your home means that you will pay more for it. Our advice is to buy now. At various other times in the past we have offered similar advice. Those who heeded our suggestions are sincerely grateful today.

The first ten adobe houses (of the type of construction shown above) we are offering at special prices, to introduce them to the public. Do not confuse adobe with the ordinary "stucco" construction. Adobe is just as substantial as brick or tile construction and costs much less.

## Free Auto Excursion

Bus leaves Southeast corner of 6th and Grand Tuesday, 11 a. m. Free luncheon specially prepared by the Russian Tea Room. Another Excursion Friday.

10521

Laying most of the difference at

the door of Nathan Newby, a prominent

member of Hollywood church. Mr.

Seleman issued the following

statement last evening in reply to

the pamphlet of the Hollywood

church:

It is not my desire or intention

to be drawn into an unseemly con-

trovercy at a time so sacred as the

closing days of Passion Week. I

could not think that harm would come

to the cause of Christ in this city if

there should arise any question in

the public mind as to the propriety

of my manner of conducting my

pastoral charge of Trinity and Hol-

lywood churches.

"I may be well to explain that

the Methodist church has a mili-

tary form of government. Pastors

are not permitted to choose their

pastoral charges or their

places of residence. According to

the church law, the parsonage is

the pastor's home.

"It may be also well to explain

that Mr. Newby is no longer of the

Methodist Episcopal Church, South,

and that the Hollywood church

which once numbered above 500

members, has dwindled to less than

forty. All this decrease came be-

fore me in Hollywood that overtook

the Trinity congregation in the loss

of the beautiful auditorium at Ninth

street and Grand avenue.

NOT FIRST ATTACK.

"This is not the first attack Mr.

Newby has issued against me. I hope

no harm will come to the cause of

Christianity. I have no feeling of

bitterness towards Mr. Newby. He

may think he is doing right to fight

me as he has done for the past five

years, during all of which time I

have been trying to save the church

from financial disaster.

"About the only thing a pastor

this is the love and confidence of

the flock. It is hard to understand

why one should try to spread dis-

sentiment in a church in which he is

not a member. But I will not allow

myself to be bitter. Some day I hope

to do Mr. Newby some little act of

kindness to show him how my spirit

is.

## FLAYS HIDING OF WITNESSES.

Houser Condemns Juvenile Hall's Secrecy.

Ire Aroused When Girls are Kept Incommunicado.

Jury Acquits Their Father of Unnatural Crime.

When it developed yesterday during the trial of Thomas H. Barfoot, who was acquitted of a charge of committing an unnatural crime against his daughter, Della, 17 years old, that Della and her younger sister, Ethel, were kept incommunicado in Juvenile Hall previous to the trial, Judge Houser immediately asked Deputy District Attorney Randall if he was going to bring in the probation officers "to say anything in this case."

Mr. Randall replied that he had not anticipated it. Judge Houser warmly stated: "If that sort of practice exists, I want it brought out. That sort of thing is not going to be tolerated, if I can help it. If that is the practice, I am going to see what I can do to break it up. Certainly they haven't any right to keep these children incommunicado."

Mrs. L. H. Williams testified that as a Y.M.C.A. worker, and one interested in girls in jail or made wards of the court, she had gone to Juvenile Hall to see Ethel and Della. She said Mrs. Barfoot was not allowed to talk to her daughter.

Judge Houser later stated that the girls should be allowed to see their parents and to talk to their counsel, and he very vividly put his stamp of disapproval upon the practice of sequestering witnesses in these and similar cases.

"I understand it is being done right along, and it has to be stopped," he said.

Mr. Barfoot's acquittal by the jury, came after a brief deliberation. He was represented by Deputy Public Defender Aggier. At a previous trial, the jury stood seven to five for acquittal.

"If the jury had convicted the defendant, I would have set the verdict aside," said the court.

**ROGERS NEW AMERICAN THEOSOPHICAL CHIEF.**

**EX-PRESIDENT WARRINGTON TO MAKE WORLD-WIDE LECTURE TOUR.**

L. W. Rogers, for the past fifteen years a lecturer on metaphysical subjects, vice-president and national lecturer of the American section of the Theosophical Society, has taken over the office of national president. His predecessor, A. P. Warrington, held this office since 1912, having been re-elected annually.

The new president is a former newspaper man. He has traveled widely in the United States. During 1917 he toured the British Isles lecturing on Theosophical subjects. In 1918 he made a ten months' lecture tour through Australia and New Zealand, under the auspices of the Theosophical Society. While in Australia the Commonwealth government engaged him as official speaker for its recruiting campaign.

Mr. Rogers is the author of several widely read books on Theosophy and occult subjects. He will make his headquarters at Krotons Institute of Theosophy, Hollywood.

A. P. Warrington, the outgoing president, is planning an extensive lecture tour around the world. He expects to leave for the International Theosophical Conference at Paris early in May. Mr. Warrington's home is in Norfolk, Va., where he has a law practice before entering the Theosophical lecture field. He is the founder of Krotons Institute.

## First Picture of the H-1 on Santa Margarita Shore.

Ill-Fated Submarine Photographed from the Vestal.  
The latter rescued the survivors from the wreck.

## H-1 WRECK INQUIRY IS PUT OFF INDEFINITELY.

ANNOUNCEMENT FOLLOWS THE FAILURE TO SALVAGE ILL-FATED CRAFT.

Capt. Chauncey Shackford, commandant of the Submarine Base, announced yesterday that the official inquiry of the United States submarine H-1 disaster has been postponed indefinitely. This action was taken, Capt. Shackford said, following the receipt of news from Santa Margarita Island, where the vessel ran ashore and caused the death of four of its crew, that efforts to salvage the battered hull had been temporarily abandoned.

For several weeks the repair steamer Vestal, the tug Sonoma and the mine sweeper Brant have hovered close to the wrecked submarine. These rescue vessels succeeded in dragging the H-1 off the beach of Santa Margarita Island, but when it had been towed out a short distance in a heavy sea, the submarine sank to a depth of fifty feet. The sea has continued to run heavy, hampering all progress in salvaging the H-1.

## CONCESSIONAIRE PAYS.

The Park Commission, notified the City Council yesterday that it has collected \$485 from William J. Dase, holder of the boating concession at Westlake Park, as payment for the architect who prepared the plans for the new bathhouse there. The foundations are now being constructed and the structure will be ready for public use about June 1. It is to cost not less than \$15,000 and is built at the cost of the concessionaire as a part of his contract for the park concession, but becomes city property as soon as it is completed.

The actual beginning of the work. The Board of Public Works members told Mr. Hayes yesterday that they would be willing to have him begin construction immediately, but he stated that he could not determine whether he would do this, or await the full collection of the assessments, until after he had conferred with men who are financing him.

"I have a \$100,000 working equipment, that I could at once transfer to this work," said Mr. Hayes. "It includes steam shovels, wagons, scrapers, etc. As soon as we get into the actual tunnel work I plan to run full twenty-four-hour shifts and to push the work ahead as rapidly as possible. Work will be carried on at both ends of the tunnel."

"At least one-half of the material taken from the bore will be used by the Los Angeles Paved Brick Company, and the remainder will be used in filling up low lots."

## HORSE WILL FLY TO SHOW.

The First Horse that Ever Flew.

Left to right, Miss Jeanie McPherson, Mercury, the pony, and Lieut. David Thompson, the aviator.

Yesterday for the first time since Pegasus went to the bone yard, a horse flew. An airplane went up from the Mercury Aviation Field at 11 a.m. and in a test flight over the Hollywood hills, carried the animal which the Mercury Aviation Company will enter in the horse show at the Ambassador Hotel grounds, Santa Barbara, next Wednesday, and which will be transported there by aerial cattle car, so to speak. On the flight to Santa Barbara, early Wednesday, the airplane will carry Miss Jeanie McPherson, sponsor for the horse show, David Thompson,

## ARCTIC ROMANCE FAILS.

Klondike Wife, Reputed Character in "The Spoilers," Asks Divorce.

Mrs. Carolina Chilberg, thrice married, a gold hunter in Alaska, and said by her third husband, Eugene Chilberg, formerly of Seattle, to be one of the characters in Rex Beach's novel, "The Spoilers," but denied by her, told a remarkable story in Judge Crail's court yesterday in a suit for maintenance for her son. Mr. Chilberg, in a cross-complaint, is seeking a divorce on the ground of cruelty.

Claud Plow of Chicago was her first husband. She resented his treatment and went to Alaska in the Klondike rush of '98. She filed claims on Quail River and washed out gold. She met Collin Beaton, divorced Mr. Plow and married No. 2. Pickle Fortune turned from Mrs. Plow-Beaton. It was hard-sledding. Mr. Beaton went to South Africa to better his fortune, intending to send for his wife. He died there.

Mr. Chilberg met the widow and married her. Meantime, Fortune had smiled on her again. She claimed that No. 3 was not diligent. He denied this. He says she was cruel to him. A letter was offered in evidence written by Mrs. Chilberg to her father-in-law, saying in part: "He took a gay lot of dames out to dinner and shows. That is not very flattering to me—a woman that is trying to make both ends meet. He has gone into the real estate business with his private secretary, a clerk-four, a seven-passenger car, a residence on West Adams street, and all the other symptoms of the

## Will Los Angeles Fail?

Today Los Angeles can only show a subscription of \$105,000 to the American Jewish Relief Campaign against a quota that was pro-rated according to population of \$275,000.

Citizens, is this going to be the answer that we are going to send to the call for help that comes to us from six million starving, diseased-stricken men, women, and children—helpless, innocent victims of the war? Shall this be our answer to their plea for bread and supplies to keep body and soul together—are we to let them die?

## Three Days More!

Although it was expected to close this Campaign tomorrow—the Committee has decided to extend this closing date to Wednesday evening, April 7th.

## Thousands of Citizens Have Not Yet Sent in Their SHARE

Make these three days VICTORY DAYS for these 800,000 innocent children who are holding out their hands to you for bread. \$60.00 will save a LIFE for a year—\$20.00 will feed a little girl or a little boy for a month—can you refuse?

## Send Your Share at Once

And Know That You Are Saving Helpless Children  
Headquarters will be open all day SUNDAY—bring your subscription—all that you can spare—
